MEI knows note acceptors. Since developing the world's first electronic, non-contact note acceptor, MEI products are relied upon for more than two billion transactions per week in over 100 countries.

Perhaps no other MEI product so ideally serves customer needs as well as the MEI SC Advance. Evolved from the winning CASHFLOW SC note acceptor, SC Advance applies the latest technology and customer feedback to make a great product even better and redefine game performance once again.

SC Advance features enhanced recognition technology, faster note-to-note speed, improved barcode recognition and increased capacity to accept up to 100 different currencies and denominations. It also has the industry's best first-time acceptance rate for valid street-grade notes, including those that are damp, crinkled or torn.

Ultimately, the true measure of note acceptor performance is in the amount of revenue it pulls in by driving the player experience. By minimizing wear components and note jams and maximizing the acceptance of legal currency, SC Advance increases game uptime and virtually eliminates the frustration associated with repeated note rejections.

Now players can wait less and play more—rewarding an investment in MEI SC Advance with unparalleled returns.

Please contact your MEI sales associate to arrange a Value-added Trial (VAT) or learn how MEI SC Advance can help increase the player experience and bottom line in your operation.
MEI SC Advance series sets the standard for note acceptors worldwide. The knowledge gained from producing over three million note acceptors has created:

**Advanced Acceptance and Security**
A series of features contribute to a higher overall acceptance rate for legal notes and barcoded tickets while increasing security against fraud.

- New recognition system provides a second barcode sensor to improve global ticket acceptance rates and offer 4-way ticket acceptance.
- Full spectral analysis uses multiple wavelengths of light to look all the way through the note and validate its authenticity.
- Advanced recognition algorithms facilitate the industry’s highest acceptance rates—even if the notes have been worn or damaged.
- Fastest resolution to disputes with a window revealing the value of the last note stacked in the cashbox.

**Exceptional Note Handling**
Early rejections are virtually eliminated by the attempt to accept all notes at first pass.

- Corrective note transport system minimizes skew and offset in the acceptor head to prevent jams and unnecessary rejections.
- Refined plastic molding techniques prevent obstructive flaws along the note path to avoid snags.
- Sealed note path protects acceptor head from fluid and dust—significantly reducing the risk of jams.
- Best first-time acceptance of street quality notes.

Additionally, product enhancements can add functionality to MEI SC Advance series resulting in a tailored solution for your individual needs:

**PPM Advance**
A Portable Programming Module (PPM) gives you complete control of your games, with enhanced features that you can configure and control to meet your unique support needs.

**EASITRAX® Soft Count**
a harness that enables GSA standards reflecting the movement towards USB peripherals

**GDS Compliant USB**
a harness that enables GSA standards reflecting the movement towards USB peripherals

**FEATUERS**

Customer bar code reader
Full scan light bar
Beltless roller drive
Smooth, sealed short note path
Diagnostic LEDs / Configuration button / USB located on front face for easy access
Note path release

**BENEFITS**

Proven Quality
1,300,000 units of CASHFLOW SC and SC Advance sold

Global Notesets
Nearly 100 countries are maintained by a full-time currency team

Revenue
Highest note acceptance 98%

Up Time
Rarely jams as note is always controlled
FEATURES

- Easy access acceptor release latch
- Conveniently located interface card easily changed
- Recessed plastic gears
- Dispute resolution window
- Durable welded plastic exterior withstands rigorous daily use
- Lockable removable cashbox with dual lock capability

BENEFITS

- **Proven Quality** 1,300,000 units of CASHFLOW SC and SC Advance sold
- **Global Note sets** Nearly 100 countries are maintained by a full-time currency team
- **Revenue** Highest note acceptance 98%+
- **Up Time** Rarely jams as note is always controlled

**FOUR CASHBOX SIZE OPTIONS**:  
- SC 600 notes
- SCM 900 notes
- SCL 1200 notes
- SCXL 2200 notes

*Capacity is up to the number of notes stated.*
TECHNICAL SPECIFICATIONS

ACCEPTANCE RATE
- 98% or greater

NOTE/BAR CODE COUPON INSERTION NOTES
- Up to 100 notes, four ways, face-up and down

BAR CODE COUPONS
- Two-way faceup

NOTE DIMENSIONS
- 62mm - 83mm width
- 120mm - 168mm length

TRANSACTION SPEED
- Approximately 2.3 seconds to stack

ESCROW
- One note or one bar code coupon

SC SERIES SUFFIXES
- A SPC USB tri-port
- E EASITRAX Soft Count
- G GDS USB
- U IGT USB
- V Vault Cashbox
- W EBDS/SPC USB (tri-port)
- X Deep Cashbox
- Y EBDS/GSA USB (tri-port)

INTERFACES
- Multiple serial protocols
- Multiple USB protocols

POWER SOURCE & CONSUMPTION
- 12V - 28VDC
- Standby: 10 Watts
- Accepting: 30 Watts
- Stacking: 70 Watts

ENVIRONMENTAL
- Operating Temperature 0°C - 60°C
- Storage Temperature -30°C - 70°C
- Humidity 5% - 95% RH

SHIPPING WEIGHT
- SC Series 4kg [9 lbs.]
- SC Cashbox 1.5kg [3 lbs.]
